

Responsive Action

A Conversation with Local Non-Profit Leaders

Join us for an inspiring panel on responsive action, where we explore how to channel your values into creative, sustainable contributions that truly make a difference. Hear from leaders within our communities as they discuss ways to avoid overwhelm. **Get practical advice so that instead of simply reacting in the face of fear, you can bring your unique strengths to a more intentional, empowered, and impactful way of working for the common good.**

Food and conversation will follow.
